Terms & Conditions

Please note that the machine must be running, and worn cores must be returned to Mantrac on job completion. If cores are being partially or fully rejected, additional charges may incur.

Final price is subject to serial number and may vary upon diagnosis. Special discount will still be applicable for any parts not mentioned in the listed rebuild packages. The offer excludes transportation, removal and installation of the powertrain from the machine, VAT and miscellaneous works. - Free 2,000-hour PM kits are limited to fuel filters, engine oil filters and primary air filters (oil, service labor and delivery are not included in the package deals). Collection at Mantrac branches. - Extended warranty is corresponding to the Caterpillar Equipment Protection Plans (EPP) for components that produce, transmit or control engine horsepower (Powertrain option) and the coverage is within the limit of 5,000 hours or 2 years whichever comes first. Telematic offer exclusive to PL542 model and applicable only to compatible machines. 1 year standard VisionLink subscription - Mantrac can tailor any options to meet your needs.

When you choose Caterpillar, you get equipment and components that are built to perform not for one lifetime, but for multiple lifetimes. Don't let that extra value go to waste. Take advantage of the Cat® certified rebuild program and return your end-of-life machines to like-new condition—at a fraction of the cost of buying new.

FOUR REASONS TO REBUILD

- Get the most economic value out of your original equipment investment
- Keep your preferred equipment while restoring its original performance and productivity levels
- Benefit from product enhancements introduced after your equipment was first manufactured
- Choose to upgrade optional features and technologies to current standards, which is a great way to reduce costs, boost productivity and enhance efficiency at a much lower price than buying new
