SERVICES COMMITMENT WITH A CAT CVA

THE BASICS

WHAT

The Services Commitment in a Cat® Customer Value Agreement is our commitment to stop downtime in its tracks. Time, after all, is money — especially on the jobsite. With Services Commitment, you can protect both. Getting you the parts and service you need, so you can get back to work — as fast as possible — that's what this is all about.

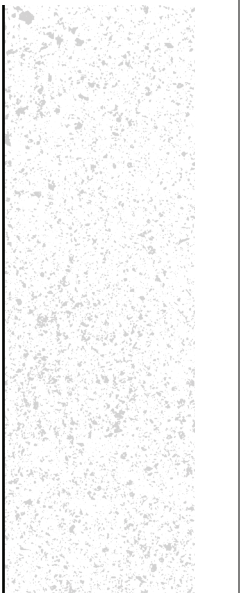

NEXT-DAY PARTS

- + Next-day availability of maintenance, wear and common repair parts
- + Receive Cat Credits² in the case of delayed parts

TWO-DAY REPAIRS¹

- + Two-day turnaround time for unplanned machine repairs (or when you say if a later time works better for your schedule)
- + Receive Cat Credits if repairs take longer than the agreed service completion date

When you need parts or service, your Cat dealer delivers on time. If not, Caterpillar helps cover the cost. It's assurance that our commitment to reliability is not just promised but proven. Services Commitment is about more than machine repairs. With Caterpillar, you get expert support that keeps you ready for what's next.
